One of the Symphony's most popular *Steppin' Out* programs, *It's About Time!* emphasizes concepts of mathematics and time. The beautifully orchestrated compositions of Strauss, Bizet, Prokofiev, Tchaikovsky and others are a fun and engaging teaching tool.

Through captivating rhythms and melodies with an ascending order of time signatures (meters), students are provided an opportunity to create a conceptual link between rhythmic hierarchy and conventional time. Maestro Peter Jaffe will conduct and host *It's About Time!*

The Stockton Symphony has provided *Steppin' Out* Educational Concerts for youth throughout San Joaquin County for over two decades. Thank you for your participation and support.
